UPCOMING EVENTS @ TLC

SPRING Work Day April 26, Noon-4pm

Help us get ready for our busy season. We have jobs for any ability: cleaning, gardening, painting, grunt work, and carpentry. Bring the kids, they can help or play. We'll have Earth Day activities with hikes, games, recycling crafts, and more from 1-4pm.

Conservation Club April 26 and May 31

We are starting a monthly Club that will meet from 1-5pm on each of the above dates. We started this club in honor of three of our favorite TLC campers and now board members. These guys spent one day a month through their high school and college years walking trails and picking up litter, doing outdoor projects to improve an area, observing and counting wildlife, and just generally making the world a better place for all living things. Of course, their highlight was time with each other in the great outdoors. If you have a Tween or Teen that would think this sounds fun, or is maybe thinking of a job in conservation, have them join us!
